Conditions of Sale

- A. All assessments, including improvement assessments which are available for payment without interest or penalty for advance payment, taxes, rent, and ground rent, if any, shall be prorated as of the closing date.
- B. Seller makes no representations or warranties concerning the condition of the property, including but not limited to mechanical systems, dry basement, foundation, structural, or compliance with zoning or building requirements and will make no repairs to the property. Purchaser understands that Seller has no obligation to make repairs or improvements to the property. Seller has no guarantee or warrant that the property is free of visible or hidden structural defects, termite damage, lead-based paint, or any other condition that may render the property uninhabitable or otherwise unusable. Purchaser acknowledges responsibility for taking such steps as it may be necessary to determine that the property is in a condition acceptable to it, of law, regulations, and ordinances affecting the property. Purchaser agrees to accept the property in the condition existing on the date of this contract. It is important for Purchaser to have a home inspection performed on the property in order to identify any possible defects. If FHA insured financing is used, up to \$200 of the cost to perform the inspection may be financed into the mortgage. Names of home inspection companies can be found in the yellow pages of your telephone directory under the heading "Home Inspection Services."
- C. If financing is involved in this transaction (Item 4), Purchaser agrees that should he/she/it fail to provide documentation indicating that proper loan application was made in good faith within 10 calendar days of the date this contract was accepted by Seller, and/or thereafter otherwise to put forth good faith efforts to obtain necessary financing, Seller shall have the option of rescinding this contract and retaining all or a portion of Purchaser's earnest money deposit.
- D. Seller may rescind this contract and return all or a portion of Purchaser's earnest money deposit under the following conditions:
1. Seller has not acquired the property.
 2. Seller is unable or unwilling to remove valid objections to the title prior to closing.
 3. Seller determines that purchaser is not an acceptable borrower.
- Tender of the deposit shall release the Seller from any and all claims arising from this transaction.
- E. Purchaser may not perform repairs nor take possession of the property until sale is closed. Risk of loss or damage is assumed by Seller until sale is closed, unless Purchaser takes possession of the property prior thereto, in which case State law shall apply. (1) If sale involves FHA insured financing and after damage the property no longer meets the intent of Minimum Property Standards (MPS), Seller may, at its option, perform repairs or cancel the contract and return Purchaser's full earnest money deposit. If, after damage, the property still meets the intent of MPS, Purchaser has the option of accepting the property as-is, with a purchase price adjustment at Seller's sole discretion, or cancelling the contract and receiving refund of full earnest money deposit. (2) If sale does not involve FHA insured financing, Seller will not repair damage but may, at Seller's sole discretion, reduce the sale price. Purchaser has option to cancel the contract and receive refund of full earnest money deposit. Tender of the earnest money shall release Seller from any claims arising from this transaction.
- F. If this property is being offered with FHA insured mortgage financing available, Seller's acceptance of this contract constitutes a commitment to insure, conditioned upon Purchaser being determined by Seller or Direct Endorsement Underwriter to be an acceptable borrower and further conditioned upon Seller's authority to insure the mortgage at the time the sale is closed.
- G. Purchaser understands that Seller's listing price is Seller's estimate of current fair market value.
- H. Notwithstanding to whom this contract is assigned, Seller shall be bound by all provisions of this contract, and any amendments, modifications, or provisions which shall be deemed to extend to this contract if made with a corporation for its general benefit.
- I. Purchaser and Seller agree that this contract shall be binding upon their respective heirs, executors, administrators, successors or assigns, and shall be deemed to be assigned to the assignee. If the property was constructed prior to 1978, Seller has inspected and confirmed that there are no lead-based paint hazards (including chipping, peeling or loose paint on all interior and exterior surfaces). Seller's inspection found no defective paint surfaces, or if defective paint surfaces were found, Seller has treated or will treat such defective surfaces in a manner prescribed by Seller prior to closing. Purchaser understands and agrees that the Seller's inspection and/or treatment is not intended to, nor does it guarantee or warrant that all lead-based paint and all potential lead-based paint hazards have been eliminated from this property. Purchaser acknowledges that he/she/it has received a copy of a pamphlet which discusses lead-based paint hazards and has signed, on or before the date of this contract, the Lead-Based Paint Addendum to Sales Contract - Property Built Before 1978. Purchaser understands that the Lead-Based Paint Addendum must be signed by all Purchasers and forwarded to Seller with this contract. Contracts which are not in conformance with these requirements will not be accepted by Seller.
- K. The effective date of this contract is the date it is accepted (signed) by the Seller.
- L. If the amount stated in Item 5 exceeds actual and typical financing and/or closing costs, such excess shall not be paid by Seller and may not be used by Purchaser to reduce amount(s) due Seller.
- M. Seller's policies and requirements with regard to earnest money (including forfeiture thereof), extensions of time in which to close the sale, back-up offers, and allowable financing and/or closing costs are detailed in instructions issued to selling brokers.
- N. Seller makes no representations or guarantees that the property will, in the future, be eligible for FHA insured mortgage financing, regardless of its condition or the repairs which may be made.
- O. **Warning: Falsifying information on this or any other form of the Department of Housing and Urban Development is felony. It is punishable by a fine not to exceed \$250,000 and/or a prison sentence of not more than two years. (18 U.S.C. Title 18, 3559; 3571)**
- P. This contract contains the final and entire agreement between Purchaser and Seller and they shall not be bound by any conditions, agreements, or representations, oral or written, not contained in this contract.

For Your Protection: Get a Home Inspection

Name of Buyer (s) John Doe and Jane Doe

Property Address 1234 Any Street, Anytown, MI. 48205, Wayne County

Why a Buyer Needs a Home Inspection

A home inspection gives the buyer more detailed information about the overall condition of the home prior to purchase. In a home inspection, a qualified inspector takes an in-depth, unbiased look at your potential new home to:

- evaluate the physical condition: structure, construction, and mechanical systems
- identify items that need to be repaired or replaced
- estimate the remaining useful life of the major systems, equipment, structure, and finishes

Appraisals are Different from Home Inspections

An appraisal is different from a home inspection. Appraisals are for lenders; home inspections are for buyers. An appraisal is required for three reasons:

- to estimate the market value of a house
- to make sure that the house meets FHA minimum property standards/requirements
- to make sure that the house is marketable

FHA Does Not Guarantee the Value or Condition of your Potential New Home

If you find problems with your new home after closing, FHA can not give or lend you money for repairs, and FHA can not buy the home back from you.

Radon Gas Testing

The United States Environmental Protection Agency and the Surgeon General of the United States have recommended that all houses should be tested for radon. For more information on radon testing, call the National Radon Information Line at 1-800-SOS-Radon or 1-800-767-7236. As with a home inspection, if you decide to test for radon, you may do so before signing your contract, or you may do so after signing the contract as long as your contract states the sale of the home depends on your satisfaction with the results of the radon test.

Be an Informed Buyer

It is your responsibility to be an informed buyer. Be sure that what you buy is satisfactory in every respect. You have the right to carefully examine your potential new home with a qualified home inspector. You may arrange to do so before signing your contract, or may do so after signing the contract as long as your contract states that the sale of the home depends on the inspection.

I/we understand the importance of getting an independent home inspection. I/we have considered this before signing a contract with the seller for a home. Furthermore, I/we have carefully read this notice and fully understand that FHA will not perform a home inspection nor guarantee the price or condition of the property.
